FRIDAY, APRIL 25, 2025	
Debate/Pro-Con	Game On! Debating Complexities in Pediatric Emergent Advanced Airway Management
Discussion	danie on: Debating complexities in rediatric Emergent Advanced Airway Management
Hot Topic Symposia	Global Innovations in Overdose Prevention: Which Strategies Used Internationally Could the United
The Topic Symposia	States Adopt to Curb Youth Deaths?
Hot Topic Symposia	Managing complex cases in nephrotic syndrome: Understanding the International Pediatric Nephrology
, , , , , , , , , , , , , , , , , , ,	Association (IPNA) clinical practice guidelines
Hot Topic Symposia	SPR Basic/Translational Research Assembly
Hot Topic Symposia	Too Hot: Update on Pediatric Fever Syndromes
Panel Discussion	High Reliability in Pediatric Care Across the Globe
Panel Discussion	Indigenous Child Health: Challenges, Perspectives and Solutions
Panel Discussion	It's Tough Out Here: Navigating These Academic Streets
State of the Art	Personalized decision-making and the art of making recommendations about complex decisions
Plenary	,
Workshop	A Picture is Worth 1,000 Words: Mastering Visual Communication for Education and Scholarship
Workshop	Advanced Airway: Point-of-care ultrasound for airway management
Workshop	Advocating in Uncertain Times: Mitigating moral distress
Workshop	Beyond the 5 Rights: A Workshop on Designing Better Clinical Decision Support
Workshop	Beyond Trauma-Informed to Trauma-Responsive: Best Practices for Strength-Based Care of Newly Arrived
	Immigrant Children
Workshop	Building A Dream Team: Fostering Psychological Safety and Dynamic Collaboration
Workshop	Evaluating Trustworthiness: Identifying Spin, Fraud, and Deception in Modern Research
Workshop	From Curiosity to Clarity: Crafting Quality Qualitative Research Questions
Workshop	Negotiating your dream job: Critically evaluate contracts and preserve your "non-negotiables"
Workshop	Walking in their Shoes: Palliative care in chronic kidney disease (CKD) care across the lifespan

Workshop	Role-modeling: Yes, DO what I DO
Workshop	Seeking Solutions for Increasing Representation of Black Men in Academic Pediatrics Through a Life Course Framework
Workshop	So You Want to Implement a Clinical Protocol: Tips, Tricks, and Can't-Miss Fixes
Workshop	Supporting Medical Learners with ADHD: Navigating Challenges and Fostering Strengths
Workshop	The (Ultra)Sound Approach to Baby Fever: Utilizing POCUS In the Workup Of The Febrile Infant
Workshop	Urine the Know: Pathways to QI success and highlights of recent junior investigator publications
Workshop	Writing and Publishing Quality Improvement: Practice, Pitfalls, and Perspectives (from Journal Editors!)
SESSION TYPE	SESSION TITLE
MONDAY, APRIL 28, 2025	
Debate/Pro-Con	Hot Topic Debates: Management of Infections in Hospitalized Neonates and Children
Discussion	
Hot Topic Symposia	Applying the Injury Equity Framework to Intentional Injury and Firearm Violence Prevention
Hot Topic Symposia	Clinical, ethical, and social considerations for children with Trisomy 13 and 18: intensive care
	interventions, cardiac surgery, and tracheostomy
Hot Topic Symposia	Clinically Informed Epigenetic Research: Providing Insights into Health and Development of Children Born Preterm
Hot Topic Symposia	Hot Topics in Pediatric Vaccination
Hot Topic Symposia	Improving development of therapies: A collaborative approach with the Food and Drug Administration (FDA), industry and academia
Hot Topic Symposia	Let's talk about sex: Sexual healthcare for chronic kidney disease (CKD) patients
Hot Topic Symposia	New diagnostic and therapeutic insights into biology and biomarkers in Kawasaki Disease
Hot Topic Symposia	O2 and NO – Time for a Divorce or a Reconciliation?
Hot Topic Symposia	Opening the Black Box: The Social Environment and Developmental Outcome of Children born Preterm
Hot Topic Symposia	Pediatric kidney transplantation: Tackling challenges from start to end
Hot Topic Symposia	Pediatric Research in the CTSA: The Importance of Integrating Child Health into Lifecourse Research
Hot Topic Symposia	Persistent Inflammation and Failed Recovery after Perinatal Brain Injury: The Path to New Therapies & Sustained Repair
Hot Topic Symposia	Show me the money: Advocating for and understanding economic drivers of pediatric nephrology
Hot Topic Symposia	What's New in Congenital and Perinatal Infections?
Hot Topic Symposia	Wildfire Smoke: A Burning Issue for Pediatric Patients
Panel Discussion	Baby, It is Hot Outside: The Impact and Interventions to Mitigate Climate Change Effects in the First Year of Life
Panel Discussion	Thinking Differently: Pediatric organizations coming together to reshape trends in the pediatric workforce
Panel Discussion	Today's Adolescent STI Explosion. Is sexual health education a right or a "divisive concept"?
Panel Discussion	Understanding the effects of Anti-DEI legislation and climate on medical education, research, and health outcomes across the United States
State of the Art	Agitation in the NICU: is this Neonatal Delirium or something else?
Plenary	
State of the Art	From Wicked Problems to Incisive Solutions: Fast-tracking Innovative Pediatric Interventions and Policy in
Plenary	an Era of Complexity
State of the Art	New President, New Congress: What Does It Mean for Child Health Policy?: A Pediatric Policy Council
Plenary	State of the Art Plenary
State of the Art	Thriving Beyond the NICU: Optimizing Lifelong Health for Adult Preemies
Plenary	
Workshop	Brave Spaces: Teaching in times of controversy

Workshop	Career Toolbox to Boost Joy at Work for Academic Faculty in Pediatrics
Workshop	Crafting Clarity: Enhancing Clinical Documentation for Improved Pediatric Care
Workshop	Developing a Successful Advanced Advocacy Curriculum; The Secret to the Secret Sauce
Workshop	Empowering Conversations: Using the Narratives of Storytelling to Cultivate DEIJ Values within Pediatric Residency Training
Workshop	Ethical Authorship in Medical Education Research: Identifying and Addressing Free Riding in Academic Publishing
Workshop	Game On! Enhancing Medical Education through Gamification!
Workshop	Generative AI for Academic Pediatricians: A New Era for Efficiency and Innovation
Workshop	Hands-on Training to Assess Hemodynamically Significant Patent Ductus Arteriosus Using Neonatal Echocardiography Simulator
Workshop	How to Design an Anti-Racist Study to Mitigate Scientific Racism
Workshop	Moral Distress Rounds: How to Address Moral Injury and Burnout in Clinical Practice
Workshop	Multilingual Research Methods: Including Families who Speak Languages Other than English (LOE) in Research
Workshop	NICUs & Nemeses: A Dungeons & Dragons-inspired Quest for Mother's Own Milk
Workshop	Practice Makes Prepared: Pediatric Mass Casualty Drill Workshop
Workshop	Promoting Health Equity in Pediatric Research
Workshop	Promoting Resilience and Professionalism in Academic Medicine with Self-Compassion and Mindfulness
Workshop	Statistical Process Control for Quality Improvement: Making and Using Control Charts
Workshop	Storytelling for Advocacy: Harnessing the Power of Your Story
Workshop	The amazing cost escape: An interactive experience in high value care
Workshop	The Other Side of the Conversation: Feeling the Weight of Serious News
Workshop	The research support network: developing and maintaining a peer mentorship group for early stage pediatric researchers
Workshop	The Weight of Words: Influence, Power, and Bias in Our Language
Workshop	Translating Research Evidence Into Clinical Recommendations Using the GRADE Methodology
Workshop	Well, That was Awkward: The Art of Debriefing on Rounds
Workshop	You Can't Handle the Tooth! Adventures in Managing Acute Pediatric Dental injuries
